PIANOS Grand Pianos

Yamaha grand pianos – the choice of many top pianists, and loved by families all around the globe. The superior quality of our pianos reflects leading-edge technology, an advanced design philosophy, and the quality craftsmanship resulting from more than a century of piano-making experience.

Common features of CX series

CX Series pianos feature a thickened back frame for improved support, providing a rich, resonant tone

The hammers used in the CX Series utilize the same felt as the CFX, giving these pianos bright tonal colors and a finely nuanced sound.

Revolutionary new music wire in the middle and treble registers offers beautiful sustain and harmony.

Weight: 261kg(574lbs)

PIANOS Upright Pianos

The sound of your piano starts in the heart, growing smoother day by day, as fingertips connect with keys making melodies that express deep emotions. This is the piano to mellow together with.

Bringing a Yamaha upright piano to life requires a subtle blend of art and science. Looking deeply into the heart of the piano for the source of good sound, we design and build these instruments using only the finest materials from around the world. Yamaha craftsmen harness time-honored techniques to create instruments of unsurpassed quality at our state-of-the-art production facilities. Once finished, the instruments are ready to deliver a lifetime of musical pleasure.

U3

Made in Japan

Dimensions: W153cm(60 1/4") X H131cm(51 1/2") X D65cm(25 1/2")
Weight: 246kg(542lbs)

U1

Made in Japan

Dimensions: W153cm(60 1/4") X H121cm(47 3/4") X D62cm(24 1/2")
Weight: 228kg(503lbs)

U1J

Dimensions: W152cm(60") X H121cm(47 3/4") X D62cm(24 1/2")

CLP Series

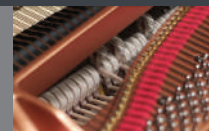

Common features of
CLP-700 Series

PLAYABILITY

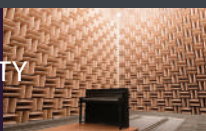

Featuring the latest GrandTouch/GrandTouch-S keyboards with a broad dynamic range of touch and response on the level of a grand piano. Excellent consistency and nuanced expression give the pianist the utmost control over touch.

Grand Expression Modeling is a groundbreaking new technology that enables the pianist to use their techniques to produce the limitless tonal variation unique to grand pianos. The ability to vary the intensity and speed of touch to produce different tones adds another dimension to the joy of musical expression.

SENSITIVITY

SOUND QUALITY

Virtual Resonance Modeling performs real-time modeling of the sympathetic resonance created by the behavior of the strings and body of the instrument—the foundation of the beautiful sound of a genuine grand piano. Also, the latest acoustic design technology delivers lifelike concert grand piano tone and resonance to your home for you to enjoy.

APPS AND ONLINE SERVICES - USE THEM TOGETHER TO EXPAND YOUR MUSICAL HORIZONS

An additional Clavinova benefit: discover new ways to enjoy music through apps and online services. A wide selection of song and sheet music files are at your fingertips.

SMART PIANIST

Smart Pianist is a free application for use with Yamaha digital pianos that can analyze any commercially available songs you own and then display chord progressions and/or piano accompaniment scores for them. This single application will help you enjoy life with your piano a whole lot more—it can even be used to configure instruments with ease!

See the Smart Pianist app page on the Yamaha website for information on compatible operating systems and devices.

ANO

CVP Series

Broaden your musical horizons with a comprehensive array of authentic Voices and a superb grand piano touch Auto-accompaniment functions for full ensemble performance. Perform with an impressive library of Voices, comprehensive karaoke and other vocal functions. Enjoyable learning functions for players who are just starting out!

CVP-805B

Black

• GrandTouch™ Keyboard: wooden keys (white only), synthetic ebony and ivory key tops, escapement • 7.0 inch (800 x 480 dots) TFT Color LCD • Yamaha CFX, Bösendorfer Imperial • 1,315 Voices + 49 Drum/SFX Kits + 480 XG Voices

CVP-701B

Black

• GH3X (Graded Hammer 3X) keyboard with synthetic ivory keytops, escapement • 4.3 inch (480 x 272 dots) TFT Color LCD • Yamaha CFX, Bösendorfer Imperial 4) 777 Voices + 29 Drum / SFX Kits + 480 XG Voices

EACH INSTRUMENT VOICE REPRODUCED IN PERFECT DETAIL

From breathy saxophones to ringing guitars and warm, resonant strings, the CVP Series features an impressive collection of natural instrument Voices. Thanks to acclaimed Super Articulation technology, the distinctive characteristics of each instrument are reproduced in incredible detail as you play.

Featuring incredible Voices from the CFX—Yamaha's finest concert grand piano—and Bösendorfer's legendary Imperial, CVP Series Clavinova possess a sonic palette that is simply stunning. Every key has been sampled individually, and thanks to binaural sampling techniques, the CVP Series provides a fully immersive concert grand piano experience, even when using headphones.

THE FINEST PIANO FEATURES

PLAY WITH STYLES

Featuring a wide array of backing Styles, the CVP Series allows you to enjoy great-sounding performances with polished introductions and endings, delivering authentic accompaniments that will enhance your playing across a diverse range of musical genres. In the CVP-800 Series, these accompaniments come with dramatically improved sounds, enriching your performances.

SYNTHESIZERS

Yamaha Synthesizers offer unlimited creative potential for any style of music.

MONTAGE SERIES

MONTAGE8

88 keys, Balanced Hammer Effect Keyboard (Initial Touch/Aftertouch). Welcome to the new era from the company that brought you the DX and the Motif. Montage sets the next milestone with sophisticated dynamic control, massive sound creation and streamlined workflow.

MONTAGE7

76 keys, FSX Keyboard (Initial Touch/Aftertouch). Create dynamic sound changes from radical to sublime with the Super Knob. The Super Knob can control multiple parameters simultaneously resulting in anything you can imagine.

MONTAGE6

61 keys, FSX Keyboard (Initial Touch/Aftertouch) Powered by proprietary Yamaha technology for data compression and sound playback, AWM2 allows tremendous data compression without sound quality loss for unparalleled, realistic sound reproduction.

MODX8+

88 keys, MODX8+ is a compact, lightweight, 88-key weighted action synthesizer with the piano, instrument and synth sounds pianists need to stand out on the stage, studio or stream.

MODX7+

76 keys, MODX7+ is a compact, lightweight, synthesizer with all the sounds, splits, zones and layers keyboardists need to stand out on stage, studio or stream.

MODX6+

61 keys, MODX6+ is a compact, lightweight, synthesizer designed for keyboardists to create deep sounds that stand out on every stage, studio or stream.

MODX SERIES

MX SERIES

MX88 BK

The MX88 features 88 keys with Graded Hammer Standard (GHS) weighted action. MX88 - the complete solution for the modern piano player needing realistic piano action, inspiring synth sound and easy connectivity to computers and iOS devices.

Note: Compatible adaptor for MX Series - PA-150

YC SERIES

YC88

YC61

YC73

Designed for gigging keyboardists, the YC Series features a newly designed Virtual Circuitry Modeling (VCM) Organ engine with physical drawbars, extensive real-time control and authentic Acoustic/Electric Piano and FM synth sound. With three models to choose from, there's a YC stage keyboard for every stage and every player.

- Waterfall Keyboard
- VCM Organ
- VCM Rotary Speaker
- VCM Effects

FC5

For those electronic keyboards with an input jack labeled "SUSTAIN," the FC5 is used in the same manner the sustain pedal on an acoustic piano is used. A specially designed rubber bottom grips the floor and stays put while you play. The FC5 can also be utilized as an FS controller for synthesizers, tone modules and drum machines.

FC7

The FC7 is a heavy-duty foot controller used for changing volume, expression and other assignable parameters.

With its "fortissimo function", you can accent certain parts of a performance. Adjustable pedal angle, spring point adjustment and a metal connection plate for multiple pedal "ganging," add a unique touch to this volume controller tailoring the pedal to various playing styles.

FC4A

A foot pedal for use with digital pianos, keyboards, synthesizers, and stage pianos. This pedal offers a feel close to that of the pedal on an acoustic piano.

BRASS & WOODWINDS

Recorders & Pianica enable children to quickly experience the joy of playing music.

Four Advantages

- They make music instantly • They are low-maintenance • Children can easily track their own progress
- It's easy to form an ensemble with them

RECORDERS

Rainbow Recorders

Music Can Be Fun!

The translucent, candy colored Rainbow Recorders are real instruments, not toys. They are made of the same ABS resin material as our regular recorders, and offer the same superior tuning, the same beautiful tone, and the same great durability. They play effortlessly with a rich, full sound, and with their colorful look they make even routine practice fun!

YRS-24B

Possibly the world's most popular model, this recorder is easy to play and has a clear soft tone. It is ideal for school use. System: German (YRS-23), Baroque (YRS-24B). Windway: Straight *The picture shows YRS-24B.

YRS-20BP

Translucent colored recorders can make practicing more fun for students. They are made of ABS resin and offer the same fine qualities as Yamaha's other ABS resin recorders.

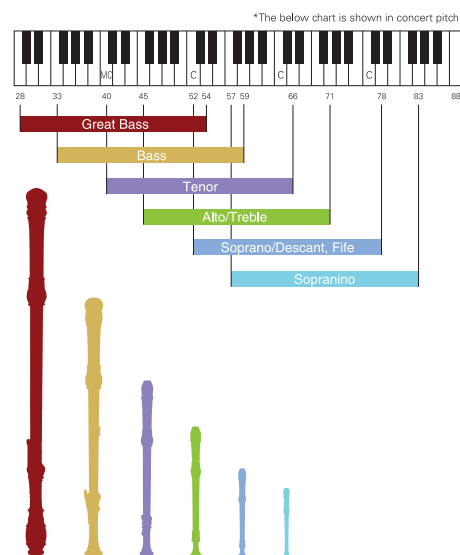

YRS-20BG

ABS recorders are durable and easy to care for while providing a tone similar to that of natural wood. Many schools throughout the world insist on Yamaha recorders thanks to their accurate intonation, easy playability, and rich expressive sound.

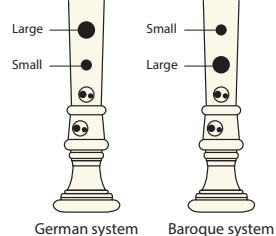

Yamaha Recorder Types and Registers

The broad musical range of the recorder makes it an excellent choice for both solo and ensemble playing. Six types are available in different registers.

Fingering Systems

Yamaha offers a choice of either "Baroque" or "German" fingering systems on many models to accommodate local preferences and traditions

P-32D

PIANICA

This model's scale range of 2-2/3 octaves is sufficient for ensemble or solo performances. Advanced players and students will find its rich, clear tones and ample volume ideal for learning and giving musical performances (even outdoors or in large auditoriums). The sturdy body is slim and compact for easy handling.

Good for both the user and the environment

You'll find our instruments in the hands of musicians from all ages and levels all over the world. Whether we are making a professional level instrument or a student model, our aim is to provide the musician with an instrument that sounds and plays as best as possible, is reliable, and is good for both the user and the environment.

LEAD FREE SOLDER

Environmentally Friendly Production Yamaha produces instruments with environmentally friendly way. Though lead is traditionally used for wind instruments, it harms human health and environment. Yamaha has succeeded to introduce "Lead-free solder" ahead of other manufacturers in the world.

YCL-255

The YCL-255 combines state-of-the-art production expertise with high-end Yamaha clarinet features. The result is an outstanding entry-level instrument that delivers a warm, resonant tone that is remarkably similar to that of a wood clarinet

YFL-222

More than Just Inexpensive Versions of our Professional Flutes. A lip plate designed to guide beginners toward proper breath utilization, keys with carefully considered dimensions and angles for optimum balance and easy playability.

YAS-480

The 480 have many of the same features found on our professional saxophones that provide these intermediate saxophones with greater playability and optimum tone. These are instruments that bring out the best of the performer and ideal choice for up and coming players.

YAS-62

Already a legend, the "62" attained the love and respect of a wide range of players for its highly reliable performance and outstanding quality. It owes its success to a group of dedicated designers with great vision, and highly skilled craftsmen performing their work with an extraordinary level of devotion, perfection, and passion.

YAS-26

The YAS-26 combines state-of-the-art production expertise with design elements of Yamaha professional and custom saxophones. The result is an entry-level instrument that delivers the response, intonation and tone needed to help developing musicians achieve success.

YAS-280

The Yamaha YAS-280 Alto Saxophone is one of the most sought-after student instruments on the market. Its easy response and ergonomic key arrangement make it an ideal instrument for students and advanced players alike.

DRUMS

New Entry Acoustic Drum Set "RYDEEN"

The new RYDEEN (5-piece shell pack) is exactly what any beginner or intermediate player would love to play. This drum set utilizes Yamaha hardware featuring Genuine Yamaha tom and pipe clamps and features solid and glitter finishes, each with three color options, for a total of six vibrant, stylish looks.

Genuine Yamaha tom and pipe clamps

Two 22.2 mm diameter tom clamps, and a pipe clamp. A versatile ball mount gives you the freedom to mount toms at any angle you want, and lets you incorporate other hardware* to create a configuration that's perfect for you.

P3 type bass drum head

The double film on the edge section provides a muting effect, for a tight, powerful bass drum sound.

GUITAR

TRANSACOUSTIC GUITARS

Playing Guitar in a great sounding room is the most inspiring, engaging playing experience imaginable – far more enjoyable than in a dry-sounding room like a lounge, office or den. Yamaha's TransAcoustic Guitar recreates the incredible experience of playing in a rich, live room without needing any external amplification or effects – just the Guitar itself.

Whether you're practicing, writing, recording or just playing for fun, the TransAcoustic Guitar will make you play better, longer and with more creativity.

- Traditional Western cutaway body (FGC-TA)
- Concert body cutaway (FSC-TA) • Solid spruce top with mahogany back & sides • Nato neck with Rosewood fretboard • Scalloped bracing with louder, richer acoustic sound • Built-in Reverb & chorus effects: No need for an amp or other external gear

SILENT GUITARS

Travel, Practice, Perform.

The Yamaha SLG is the perfect instrument for practice, travel or stage use – any time an acoustic Guitar just won't do. Near-silent performance makes discrete practice simple, Yamaha's exclusive SRT-Powered pickup system gives incredibly natural acoustic tone through headphones or line-out, studio-quality on-board effects enhance your playing to perfection, line-in functionality makes jamming easy and Yamaha's 50 years of building amazing Guitars means it plays like a dream. Coupled with unique, striking looks and a rosewood and maple framed full-size collapsible body SLG lets you play whenever and wherever inspiration hits.

- Authentic plugged-in sound by SRT Powered
- Super-compact, collapsible construction • Ultra-quiet performance • Unique, striking looks • Slim body like an electric Guitar
- Variety of functions which make players enjoy without becoming bored

Color available in Natural

REVSTAR

Originally launched in 2015, Revstar was the first new electric guitar series from Yamaha in over a decade. A completely new lineup for 2022 offers three tiers, chambered bodies on every model, new racing-inspired finishes, new switching options, and left-handed models.

RSE20

Element lineup

Colors available:
Neon Yellow, Black, Red Copper, Vintage White, Swift Blue

The RSE20 features five café racer-inspired finish options, a chambered body, dual Alnico V humbuckers, and a push/pull Dry Switch high-pass filter for additional tonal versatility.

RSE20L

Element lineup

Colors available:
Swift Blue, Black

The left-handed RSE20L features two café racer-inspired finish options, a chambered body, dual Alnico V humbuckers, and a push/pull Dry Switch high-pass filter for additional tonal versatility.

RSS20

Standard lineup

Colors available:
Black, Sunset Burst, Hot Merlot, Flash Green, Swift Blue, Vintage White

The RSS20 features six finish options, a chambered body and carbon-reinforced neck, dual humbucking pickups, 5-way switching, and a passive Focus Switch, providing exceptional versatility.

RSS02T

Standard lineup

Colors available:
Swift Blue, Black, Hot Merlot, Sunset Burst

The RSS02T features four finish options, a custom tailpiece, chambered body and carbon-reinforced neck, dual P90-style pickups, 5-way switching, and a Focus Switch.

RSP20

Professional lineup

Colors available:
Moonlight Blue, Sunset Burst, Swift Blue

The Japanese-made RSP20 features carbon reinforcement in the neck and chambered body, dual humbucking pickups, 5-way switching, and a Focus Switch, providing exceptional versatility.

RSP02T

Professional lineup

Colors available:
Crisp Gold, Sunset Burst, Swift Blue

The Japanese-made RSP02T features carbon reinforcement in the neck and chambered body, dual P90-style pickups, 5-way switching, and a Focus Switch, providing exceptional versatility.

RSP20X

Professional lineup

Colors available:
Rusty Brass Charcoal

The Japanese-made RSP20X features carbon reinforcement in the neck and chambered body, dual humbucking pickups, 5-way switching, and a Focus Switch, providing exceptional versatility.

RGX-SUPER CHARGE YOUR PERFORMANCE

RGX series offers style and specification for aggressive players. The thinner neck is perfect for an intense guitar workout and specially selected ceramic humbuckers deliver clear, powerful, modern tone. The 24 fret models are equipped with double locking tremolos to supercharge your performance.

The RGX121Z inherits the design philosophy of its premium RGX siblings, adding a single coil pickup and vintage style trem to give total flexibility and tonal control.

PICKUP

EMG HZ Pickups for RGX420DZII

The EMG H4 selected for RGX420DZII combines the power of the legendary EMG 81 with the soul of a passive PAF humbucker. Overwound coils produce tight bass, glassy mids and crunchy highs with minimal noise, great responsiveness and sweet harmonics.

RGX121Z

Colors available:
Black, Red Metallic
