

# EDM Expansion

## Promotional Flash Memory Content for Yamaha MOXF / MOTIF XF

The EDM Expansion contains:

- ☐ 32 User Voices & 4 Performances
- ☐ 9 User Waveforms & 34 User Arpeggios
- ☐ 53 MB Samples

It is a library that you can easily enjoy the EDM sound such as Progressive House, Uplifting Trance, and Dubstep. And it uses Waveform that was multi-sampled from AN1x the analog phisical modeling synth. There are 32 Voices, 4 Performances and 34 User Arps that have been programmed for the MOXF/MOTIF XF in this library.

### Important note:

By loading the All-file all current USER data in the MOXF / MOTIF XF are overwritten.

User Waveforms and Samples already stored in the Flash Memory are not overwritten.

If you haven't backed up your USER data yet, you should do so now (File Type „all“ -SAVE).
